

MEDICAL FACULTY ASSOCIATES, INC.
STANDARD PURCHASE ORDER TERMS AND CONDITIONS

These Terms and Conditions ("**Terms and Conditions**") and the Purchase Order or other separate written agreement provided by Supplier and accepted by the MFA (together with any and all appendices, and/or exhibits attached hereto or otherwise issued by the MFA in connection herewith, collectively, known hereunder as this "**Purchase Order**") by and between the Medical Faculty Associates, Inc. ("**MFA**") and Supplier (as defined in the Purchase Order) (MFA and Supplier, collectively, the "**Parties**," and each a "**Party**"), constitute the entire agreement between MFA and Supplier and supersede and replace any and all prior documents, writings, representations, agreements, proposals, promises, or other understandings, oral or otherwise, between the Parties, including but not limited to any prior or subsequent price quote, invoice, or other document furnished by Supplier.

1. Formation of Contract. By performing under this Purchase Order (in full or in part), Supplier agrees to and accepts all the provisions in this Purchase Order and agrees to perform. This Purchase Order is hereby accepted on the terms set forth herein and these terms shall govern. This Purchase Order may not be modified, amended, or in any way varied with any additional or different terms unless the MFA specifically and expressly agrees in writing that such other terms are accepted.

2. Change or Cancellation. MFA may for any reason and at any time by written notice, change, cancel or terminate all or any part of this Purchase Order, and upon MFA's request Supplier shall deliver (to the extent reasonably possible) any goods or other deliverables that have been prepared up until the date of such termination. Termination for convenience shall not relieve Supplier or MFA of its obligations incurred prior to the date of termination. After a termination pursuant to MFA's notice, Supplier may request an equitable adjustment on a time and materials basis (but not to include standard stock) for any work then in progress. Supplier shall not be paid for any amount of lost profits on canceled orders, or for any avoidable costs incurred after the date of termination. Any request for an equitable adjustment must be made within thirty (30) days after the date of Supplier's receipt of notice of cancellation, with reasonable support for the amount requested, and shall be negotiated by the Parties in good faith on an expedited basis.

3. Termination for Cause. By written notice, the MFA may terminate this Purchase Order, in whole or in part, for failure of Supplier to comply with any of the terms and conditions of this Purchase Order. In the event of termination for cause, the Supplier shall be liable to MFA for any and all damages sustained (a) by reason of the default which gave rise to the termination or (b) as a result of the early termination, including without limitation any incremental cost of re-procuring similar goods or services. This right of termination is in addition to and not in place of any other rights or remedies that the MFA may have at law or in equity.

4. Inspection. All goods and services are subject to MFA's right of inspection for 30 days after receipt; payment for goods and services prior to inspection will not constitute acceptance by MFA. The MFA may elect to reject all or a portion of goods or services that, in MFA's sole judgment, are found to be non-conforming or inadequate. Acceptance by MFA of all or any part of the goods or services will not be deemed a waiver to make a claim for damages or a settlement.

5. Warranties. In addition to Supplier's standard warranties applicable to the goods or services furnished hereunder, Supplier expressly represents and warrants that the goods or services (a) comply with all applicable laws, codes and regulations, and conform to all specifications and industry standards; (b) are merchantable; (c) are fit for the particular needs or purpose of MFA as would be reasonably expected for such goods or services, or as otherwise communicated to Supplier; (d) conform in all respects to samples, advertisements and other forms of representation made by Supplier orally or in written documentation provided to, made available to, or in the possession of MFA; and (e) are not restricted in any way by

patents, copyrights, trade or service marks, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Supplier agrees to promptly replace or correct defects and non-conformities, to be liable for all direct, indirect, consequential and other damages suffered by MFA and any other persons, and to defend and indemnify MFA from any claim asserted by any person resulting in whole or in part from such breach.

6. Delivery. Supplier agrees to on-time delivery based upon the date or time for the delivery of goods and services set forth in this Purchase Order. If the Purchase Order does not specify a delivery date, Supplier shall provide the goods or service as if time is of the essence. The MFA may regard the failure to deliver in a timely manner as a breach of these terms and conditions, entitling the MFA to all rights and remedies at law, in equity, and under the specific remedies of this Purchase Order. Changes, modifications or other delays resulting directly from MFA's actions and that prevent Supplier from delivering in a timely manner shall not be considered a breach. If Supplier anticipates a delay in delivery, Supplier shall notify MFA immediately and shall take all commercially reasonable steps, at Supplier's own cost, to avoid or mitigate the effect of such delay.

7. Shipping. Title and risk of loss or damage to items ordered herein shall remain with Supplier until delivered to and accepted by the MFA. All packaging, carting, transportation, and insurance charges are to be paid for by the Supplier, unless otherwise specifically stated in the Purchase Order. All goods shipped shall be free of liens or encumbrances. Upon request, the Supplier shall furnish satisfactory evidence of freedom from any such liens or encumbrances. The Parties will assist each other in the prosecution of claims against carriers.

8. Hazardous Substance. Supplier is given notice hereby that the MFA has a Hazardous Waste Management Plan (HWMP) pursuant to the 1976 Resource Conservation and Recovery Act and in compliance with EPA and District of Columbia regulations. If Supplier intends to bring onto the MFA's premises or remove from the MFA's premises any hazardous substances or intends to engage in any activities involving hazardous substances that might reasonably be expected to create a danger or hazard to employees or other persons at the MFA, then in advance of any such activity Supplier shall submit to the MFA's Office of Risk Management for review and approval its program for compliance with the MFA's HWMP and its schedule and methods for performing such activities. Supplier will adhere to its approved program in the performance of all work to be done on MFA premises. Supplier should obtain further information regarding the MFA's HWMP by emailing the MFA's Office of Risk Management at riskmgmt@mfa.gwu.edu. Suppliers shipping goods to the MFA pursuant to this Purchase Order that contain a hazardous substance must provide a Safety Data Sheet prior to shipment. Supplier shall package, label, transport and ship hazardous materials, items containing hazardous materials, and any other regulated materials in accordance with all applicable federal, state, and local laws, rules, ordinances and regulations. Prior to each shipment of any hazardous or regulated materials, Supplier shall notify MFA of the nature of such shipment by such means of communication as will allow for the proper preparation for acceptance of the delivery and shall identify same on all shipping documents. Supplier shall be solely responsible for notifying carriers and other handlers of any risks inherent in any such shipments. In addition, Supplier shall be available to consult MFA on any concerns with such hazardous or regulated materials. "Hazardous substance" means any pollutant, contaminant, hazardous or toxic substance or waste, solid waste, petroleum or any byproduct thereof, or any other chemical, substance or material listed or identified in or regulated by any federal, state, local or other governmental statute, regulation, law or ordinance dealing with the protection of human health, natural resources and/or the environment now or hereafter in effect including, without limitation, any and all claims or causes of action based upon such governmental statute, regulation, law or ordinance.

9. Export Controls. The Parties shall comply with all applicable U.S. export control laws and

Supplier shall not disclose or provide to the MFA or any employee or agent of MFA any data or technology subject to the licensing provisions of ITAR and EAR, without prior written notice to and advance written approval by the MFA. If the Supplier sends any such data or technology that is subject to export control, without notice of the applicability of such export control, MFA has the right to immediately terminate this Purchase Order.

10. Indemnification.

- a. Supplier shall defend and indemnify the MFA and the MFA's trustees, officers, employees, agents and representatives (collectively, the "**MFA Indemnitees**") against, and shall hold the MFA Indemnitees harmless from, any claims and demands made by any person or entity as a result of injuries, damages, expenses and losses incurred by such a person or entity, including without limitation such person's or entity's and the MFA's legal costs and attorney's fees (hereinafter collectively "**Liabilities**"), arising out of or relating to Supplier's (i) performance or failure to perform pursuant to this Purchase Order or (ii) misrepresentation or breach of any representation, warranty, obligation, or covenant of this Purchase Order, except to the extent that the Liabilities are a result of the direct and sole negligence of the applicable MFA Indemnitee. This provision shall survive the delivery of the goods, the termination or completion of the services, or the expiration of this Purchase Order.
- b. Supplier, at its expense, shall defend and indemnify the MFA Indemnitees against, and shall hold the MFA Indemnitees harmless from all claims and demands made by any person or entity as a result of Liabilities arising out of or relating to a claim that anything furnished under this Purchase Order infringed a patent, copyright, trademark, service mark, trade secret, or other legally protected propriety right. Supplier shall pay all costs, fees, and damages which may be incurred by the MFA Indemnitee for any such claim or action or the settlement thereof.
- c. Supplier, at its expense, shall defend and indemnify the MFA Indemnitees against, and shall hold the MFA Indemnitees harmless from all claims and demands made by any person or entity as a result of Liabilities arising out of or relating to any product liability claim relating to or arising from any goods supplied by Supplier hereunder. Supplier shall pay all costs, fees, and damages which may be incurred by the MFA Indemnitee for any such claim or action or the settlement thereof.

Upon the Parties' entry into this Purchase Order, and from time to time upon request, Supplier will provide to MFA a Certificate of Insurance with proof of maintaining, at a minimum, the following amounts of coverage, it being acknowledged and agreed that the existence and maintenance of this coverage shall in no way limit Supplier's obligations or liabilities hereunder:

- 12. Conflict of Interest; Cancellation.** Supplier represents and warrants that there exist no conflicts of interest between Supplier and MFA or its employees or any member of employee's immediate family; and that it has not entered into and will not do so when performing under this Purchase Order, an agreement that would create a conflict with Supplier's obligations hereunder. Supplier hereby represents and warrants that it has neither received nor given gifts or gratuities to any member of the MFA community, nor participated in any other unethical conduct in connection with this Purchase Order. To the extent that Supplier can no longer make the representations and warranties contained in this Section, Supplier shall notify MFA immediately in writing. Supplier acknowledges that the certification is a material representation of fact upon which MFA is relying in entering into this transaction. Supplier agrees to provide immediate written notice to MFA if it learns at any time that its certification was erroneous when submitted or if, during the term of this PO, it, or any of its principals, is debarred, suspended, proposed for debarment, declared ineligible, subject to a corporate integrity agreement or other agreement, or excluded from participation in this transaction or in any federal grant, benefit, contract or program, including Medicare, Medicaid and other Federal Health Care Programs. Supplier agrees that debarment, suspension, proposed debarment or suspension, ineligibility or exclusion of Supplier, or any of its principals or subcontractors shall constitute cause for immediate termination of this Agreement by MFA.

14. Nondiscrimination. Supplier will not discriminate against any qualified employee or applicant for employment in the performance of this Purchase Order, with respect to hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment because of race, religion, color, sex, age, national origin or ancestry, disability, veteran status, sexual orientation, gender identity or expression, or any other basis prohibited by applicable law. 16. Governing Law. Except as otherwise provided herein, this Purchase Order, and all disputes arising hereunder, shall be governed by the laws of the District of Columbia, without regard for the conflict of law rules thereof, and (unless Attachment D: Terms Applicable to Non-US Suppliers or US Suppliers Providing Non-US Goods and Services applies to this Purchase Order) the Parties commit to the exclusive jurisdiction and venue of the courts located in the District of Columbia to adjudicate any dispute arising under or relating to this Purchase Order. With respect to any suit, action or proceeding arising pursuant to this Purchase Order, each Party hereby irrevocably submits to the jurisdiction of the courts located in the District of Columbia, which submission shall be exclusive unless none of such courts has lawful jurisdiction over such proceedings.

"Force Majeure" shall mean any act, event, cause, or occurrence rendering the MFA unable to perform its obligations that is not within the reasonable control of the MFA, including governmental action, and anything related to the consummations of the transactions contemplated by this Purchase Order that would, in the MFA's good faith determination, jeopardize any MFA's local, state, regional or national

licensure, its accreditation, federal, state or local tax exemptions (including, without limitation, the MFA's non-profit status under Section 501(c)(3) of the Internal Revenue Code of the United States), or eligibility for financial assistance from U.S. Department of Health and Human Services, and District of Columbia, but, in all cases, excluding any act, event, cause or occurrence caused by the MFA's own financial condition or negligence.

18. Conflict with Provisions in Written Agreement. In the event of a conflict between the terms of this Purchase Order and the terms and conditions of a separate written agreement executed by the MFA and Supplier in connection with a transaction governed hereby, the terms which are most favorable to the MFA shall prevail.

19. Assignment. None of Supplier's duties to perform its obligations under this Purchase Order may be delegated or assigned to another person or party without the prior written consent of the MFA's Procure-to-Pay Department. Any attempted assignment by Supplier without such consent will be null and void for all purposes. The MFA may assign this Purchase Order to any affiliate or successor in interest to all or any part of its operations without prior notice to Supplier.

22. Payment. The MFA reserves the right to pay any or all amounts due under this Purchase Order by using either a procurement card (p-card) or a Single Use Account (SUA) method of payment. The Supplier must accept the MFA's p-card or an SUA method of payment, as applicable. Supplier is prohibited from charging the MFA any additional fee, charge, or other obligation related to the MFA's use of either a p-card or an SUA method of payment. MFA may withhold payment on any invoiced amounts reasonably disputed in good faith. Such nonpayment shall not constitute a breach of this Purchase Order and the parties shall work together in good faith to resolve the dispute in a timely manner. Supplier shall continue performing its obligations hereunder notwithstanding such dispute and/or nonpayment.

23. Set-off. All claims for money due or to become due to the MFA from Supplier may be subject to deduction or set-off by the MFA against any amounts owed to Supplier from MFA arising out of this or any other transaction with Supplier. The MFA may exercise its set-off rights without prior notice to Supplier.

24. Access to Records. To the extent this Purchase Order is subject to Section 1861(v)(1)(I) of the Social Security Act, Supplier agrees to make available upon written request of the Secretary of Health and Human Services or the United States Comptroller General or any of their duly authorized representatives, this Purchase Order, and any books, documents, and records of Purchase Order that are necessary to certify the nature and extent of costs incurred by MFA under this Purchase Order, until the expiration of four (4) years after the acceptance of the performance by Supplier or the termination of this Purchase Order by MFA, whichever is later. Supplier agrees that if Supplier carries out any of the duties or obligations contemplated by this Purchase Order through a contract or subcontract with a value of Ten Thousand Dollars (\$10,000.00) or more over a twelve (12) month period, such contract or subcontract shall require this same access to

Supplier shall preserve and permit MFA or any of MFA's duly-authorized representatives to examine and audit all directly pertinent books, documents, papers and records of Supplier involving transactions related to this Purchase Order for the purpose of making audits, examinations, excerpts, copying and transcripts for a period of three (3) years after final payment hereunder. Supplier agrees to refund to MFA any overpayments disclosed by any audit within thirty (30) days of notification by MFA.

25. Publicity. Supplier shall not, in any way or in any form, publicize or advertise the fact that Supplier is supplying goods or providing services to MFA, nor otherwise use the name or the registered marks of the MFA (or any college, school, division, unit, employee or student thereof), without the prior express written approval of the MFA. This prohibition extends to inclusion of the name of the MFA in client lists or press releases.

26. Miscellaneous. If any provision of this Purchase Order is determined to be invalid, void or unenforceable in any respect, the remaining provisions hereof will continue in full force and effect. The MFA's delay or failure to enforce any term or condition of this Purchase Order shall not operate to waive such term or condition. Any such waiver must be expressed by the MFA in an authorized writing. This Purchase Order is not for the benefit of any third parties. All provisions that logically ought to survive termination of this Purchase Order shall survive.

27. Additional Terms for Suppliers of Web or Digital Content Products or Services: If this Purchase Order involves web or digital content services or products, Supplier shall create, develop, and deliver services, deliverables, and/or products, and shall coordinate with MFA to ensure that such services, deliverables, and/or products are accessible and in compliance with applicable law including, but not limited to, the Americans with Disabilities Act and Sections 504 and 508 of the Rehabilitation Act. To this end, Supplier shall (i) develop and provide the services, deliverables, and/or products in reasonable compliance with the Web Content Accessibility Guidelines ("WCAG") 2.0, level AA developed by the World Wide Web Consortium ("W3C"), or any other accessibility standards developed in the future that the parties mutually identify and agree as applicable, whichever affords greater accessibility standards for end users, and (ii) to use reasonable efforts to promptly respond and resolve any identified accessibility compliance issue. MFA and Supplier each agree to provide reasonable cooperation to the other with regard to such responses and resolutions. Additionally, Supplier will immediately notify MFA of any requests for accommodation received by Supplier related to the services or products. MFA and Supplier each agree to provide reasonable cooperation to the other with regard to such requests for reasonable accommodations. Upon request, Supplier will provide information about conformance with applicable accessibility standards via the Voluntary Product Accessibility Template (VPAT).

Supplier shall use only personnel required for the performance of the services who are qualified by education, training and experience to perform the tasks assigned to them. Supplier agrees to replace any of its personnel whose work is considered by the MFA to be unsatisfactory or contrary to the requirements of the services to be performed hereunder.

A.3. Personal Property/Equipment. MFA shall have no responsibility for the loss, theft, mysterious disappearance of, or damage to equipment, tools, materials, supplies, and other personal property of Supplier or its agents or employees that are brought onto MFA premises or stored at MFA, except for damage caused by the direct and sole negligence of MFA.

A.5. Alcoholic Beverages. For catering services that include alcohol, Supplier agrees with the following:

A.5.a. Required Permits, Licenses, Registrations. Supplier warrants, represents, and agrees that Supplier and all Supplier staff providing Services hereunder will obtain and maintain, at Supplier's sole cost and expense, any and all approvals, licenses, filings, registrations, and permits required by the District of Columbia, Virginia, Maryland, and/or any other jurisdiction where the services are provided, for the service of alcoholic beverages.

A.6. IP Ownership. Supplier agrees that the MFA will own all rights, title and interest in any and all intellectual property rights created in the performance of the services or otherwise arising from the purchased services. Such work shall be deemed to be a work made for hire and specifically ordered and commissioned by the MFA. To the extent any background intellectual property rights of Supplier are necessary for the MFA to fully exploit the goods or services provided under this Purchase Order, Supplier agrees they must be disclosed to the MFA prior to Supplier's commencement of work hereunder, and Supplier agrees to grant the MFA non-exclusive license rights thereto, sufficient for it to fully exploit the goods or services, without additional consideration. Supplier agrees that it will execute any assignments or other documents needed for the MFA to perfect such rights, provided that, for research collaboration pursuant to subcontracts under sponsored research agreements administered by the MFA, intellectual property rights will be governed by the terms of the grant or contract to the MFA to the extent such grant or contract requires intellectual property terms to apply to subcontractors.

A.7. Lawful Compliance. Supplier and its employees will comply with all applicable laws, ordinances, and regulations of governmental authorities and with the policies, rules and procedures of the MFA and its insurers, while performing services for the MFA and when on the MFA's premises. If Supplier, persons in Supplier's employ, or persons otherwise acting for or on behalf of Supplier are so required to maintain professional licensure, certification or similar credentials in order to perform the purchased services, then in addition to the requirements set forth in Section 11 of the Purchase Order Terms and Conditions, Supplier must maintain Professional Liability coverage on all professionals with limits of at least \$1,000,000 per occurrence and \$3,000,000 aggregate. If the terms of this Attachment A are applicable to this Purchase Order, then proof of professional liability insurance coverage shall be included in Supplier's certificate of Insurance.

A.9. Background Checks. Supplier shall also be responsible for ensuring that appropriate background checks are conducted in advance on its personnel who will regularly perform work for the MFA in connection with this Agreement. Supplier, at a minimum, shall conduct a social security trace, criminal history background check, and a sex offender registry search on all such persons, searching federal, state, district, and county of residence records and verify that such background checks and searches have been conducted. Supplier shall not knowingly assign any such person who has a history of conduct unacceptable for a medical practice and/or health facility environment to provide any direct services under this Agreement. Supplier shall be solely responsible for conducting proper background checks from a reputable consumer reporting agency and for securing any necessary consent from its personnel. Supplier shall abide by all applicable federal, state or local laws, rules, and regulations, including but not limited to the Fair Credit Reporting Act and/or equal opportunity laws and regulations, when conducting the background. Supplier agrees to indemnify and hold MFA harmless for any and all claims relating to the conducting of such checks and any adverse action that may be taken as a result of such checks. Upon a showing by Supplier that it is impracticable for the Supplier to be responsible for conducting a background check of its personnel, such personnel may be required to submit to a background check conducted by the MFA. Supplier will be invoiced for the cost of the background check incurred by the MFA.

A.10. Work Authorization. Supplier will ensure that if any employee assigned to work under this Purchase Order is not a US worker (i.e., US citizen, lawful permanent resident, temporary legal resident, refugee, or asylee), the terms of his/her visa status will permit the employee to perform and accept payments legally for services provided as an independent contractor under this Purchase Order. Supplier warrants further to the MFA that it will properly complete I-9 forms for each employee Supplier hires or retains to perform services for the MFA during the period of this Purchase Order. Supplier hereby indemnifies the MFA for any costs, expenses, penalties and damages, including reasonable attorneys' fees, arising out of Supplier's failure to comply with

NOTE: Where Supplier is providing goods or services that require Supplier to access, disclose or use patient information (protected health information as that term is defined in the Health Insurance Portability and Accountability Act (HIPAA), 45 C.F.R. § 160.103), the terms and conditions included in Attachment F will supersede the terms and conditions of this Attachment C to the extent there is a conflict.

C.1. Definitions. For purposes of this Attachment C, Non-Public Information includes the following:

C.1.c. Restricted Information means all information and data provided to Supplier, excluding Regulated Information, that must be protected from unauthorized access, use, or disclosure due to obligations set forth in MFA policies, the conditions of a contract, or particular designation made by the MFA, or because of proprietary or privacy considerations. Restricted Information is limited to appropriate MFA faculty, staff, students, or other authorized users who have a legitimate need to for such information. By way of illustration only, some examples of Restricted Information include: employment data, payroll records, tax information, and MFA telephone and directory information.

C.2. Rights to Non-Public Information. Supplier and MFA agree that as between them, all rights, including all intellectual property rights, in and to Non-Public Information shall remain the exclusive property of the MFA.

Information in strict confidence. Supplier shall not use or disclose Non-Public Information received from or on behalf of the MFA, except as permitted or required by this Purchase Order, as compelled by law, or as otherwise authorized in writing by the MFA. Supplier will ensure that its employees who will perform services under this Purchase Order have read, understood, and agree to comply with the terms of this Attachment C.

C.4. Disclosure of Non-Public Information as Required by Law. If Supplier is compelled by law, governmental rule or regulation, or order of a court with competent jurisdiction to disclose Non-Public Information, the Supplier shall, unless expressly prohibited by law, promptly provide written notice to the MFA of any such requirement to allow the MFA, in its discretion, to either (i) reach an agreement as to the timing and content of such disclosure, or (ii) enable the MFA to seek an appropriate protective order or other protection for the confidentiality of such information. Supplier further agrees to take any additional reasonable measures to assist the MFA in protecting the Non-Public Information.

C.5 Safeguard Standard for Non-Public Information. Supplier agrees that it will protect the Non-Public Information it receives from or on behalf of the MFA according to commercially acceptable standards and no less rigorously than it protects its own confidential information. The following sources provide some generally recognized industry standards for the protection of Non-Public Information. These sources are not intended to be comprehensive or exhaustive of all possible generally recognized industry standards:

Written confirmation of the destruction of data in the Supplier's possession or on Supplier computer systems should include standards used for the destruction; such standards should meet National Institute of Standards, Guidelines for Media Sanitization, see <http://csrc.nist.gov/>.

If Supplier believes that the return or destruction of Non-Public Information is not feasible, Supplier shall provide written notification of the conditions that make return or destruction infeasible. Upon mutual agreement of the parties that return or destruction is not feasible, Supplier shall extend the protections of this Attachment C to Non-Public Information received from or created on behalf of the MFA, and limit further uses and disclosures of such Non-Public Information, for so long as Supplier maintains the Non-Public Information.

Alternatively, Covered Entity may choose to provide Business Associate with thirty (30) days written notice of the existence of any alleged material breach; and afford Business Associate an opportunity to cure said alleged material breach upon mutually agreeable terms. Nonetheless, in the event that mutually agreeable terms cannot be achieved within ten (10) days, Business Associate must cure said breach to the satisfaction of Covered Entity within thirty (30) days after the written notice described above. Failure to cure in the manner set forth in this paragraph is grounds for the immediate termination of this Purchase Order.

F.4.2. Termination by Business Associate: If Business Associate makes the determination that a material condition of performance has changed under this [Attachment E](#) or that Covered Entity has breached a material term of this [Attachment E](#), Business Associate may provide thirty (30) days advance notice of its intention to terminate the Purchase Order. Business Associate agrees, however, to cooperate with Covered Entity to find a mutually satisfactory resolution to the matter prior to terminating the Purchase Order.

MEDICAL FACULTY ASSOCIATES, INC.
STANDARD PURCHASE ORDER TERMS AND CONDITIONS

Attachment F, Business Associate will promptly return or destroy, in accordance with standards approved by the Department of Health and Human Services, all PHI, in whatever format, maintained by Business Associate and/or its subcontractors. Business Associate will provide written assurance to Covered Entity that all PHI maintained by Business Associate and/or its subcontractors has been destroyed in accordance with standards approved by the Department of Health and Human Services, or returned to Covered Entity.

F.4.3.1. In the alternative, Business Associate agrees to assess the feasibility of returning and/or destroying all PHI in light of applicable law and reasonable business practices and standards. Business Associate will also assess the feasibility of recovering any PHI in the possession of its subcontractors or agents.

F.4.3.2. If it is not feasible for Business Associate to return and/or destroy said PHI, Business Associate will notify Covered Entity in writing within thirty (30) days from the date of termination. Said notification shall include a statement that Business Associate has determined that it is infeasible to return and/or destroy the PHI in its possession, and the specific reasons for such determination.

F.4.3.3. Business Associate further agrees to extend any and all protections, limitations, and restrictions contained in this Attachment F to all PHI retained by Business Associate after the termination of the Purchase Order, and to limit any further Uses and/or Disclosures of PHI to the purposes that make the return and/or destruction of the PHI infeasible for so long as Business Associate maintains the PHI.

F.4.3.4. If it is infeasible for Business Associate to obtain, from a subcontractor or agent, any PHI in the possession of the subcontractor or agent, Business Associate will also provide a written explanation to Covered Entity. Further, Business Associate will require its subcontractors and agents to agree to extend any and all protections, limitations, and restrictions contained in this Attachment F to all PHI retained by the subcontractors and/or agents after the termination of the Purchase Order, and to limit any further Uses and/or Disclosures to the purposes that make the return and/or destruction of the PHI infeasible for so long as the subcontractors and/or agents maintain the PHI.

F.4.3.5. Intentionally Omitted.

F.5. Injunctive Relief. Notwithstanding any rights or remedies provided for in this Attachment F or the Purchase Order, Covered Entity retains all rights to seek injunctive relief to prevent or stop the unauthorized use or disclosure of PHI by Business Associate or by any agent or subcontractor of Business Associate or by any third party that received or otherwise obtained PHI from Business Associate.

F.6. Amendment. In the event there is a change to, or amendment of, HIPAA (or a change in the interpretation of HIPAA) that necessitates a change to this Attachment F, the Parties agree that this Attachment F shall be deemed to be automatically amended to the extent necessary to incorporate such changes. If a Party objects to such amendment(s) within thirty (30) days prior to the effective date of the amendment of HIPAA (or within ninety (90) days after the publication of the change in interpretation of HIPAA), then either Party may terminate this Attachment F and the related Purchase Order consistent with its terms.

F.7. Further Assurances. Each Party shall in good faith execute, acknowledge or verify, and deliver any and all documents which may from time to time be reasonably requested by the other party to carry out the purpose and intent of this Attachment F.

F.8. Conflicts. The Parties agree that any ambiguity in this Attachment F shall be resolved in favor of a meaning that complies and is consistent with HIPAA, including any subsequent amendments or interpretations.

F.9. Damages/Specific Performance. Business Associate and Covered Entity agree that money damages would not be a sufficient remedy for any breach or threatened breach of the terms of this Attachment F and that Covered Entity shall be entitled to specific performance and injunctive or other equitable relief as a remedy for any such breach or threatened breach. Such remedy shall

MEDICAL FACULTY ASSOCIATES, INC.
STANDARD PURCHASE ORDER TERMS AND CONDITIONS

not be deemed to be an exclusive remedy for any such breach or threatened breach of the terms of this Attachment F but shall be in addition to all other remedies available at law to Covered Entity.

F.10. Indemnification. Notwithstanding any provisions to the contrary in this Purchase Order, Business Associate will indemnify, defend, and hold harmless Covered Entity, its officers, directors, employees, medical personnel, and agents from any and all damages, claims, actions, liability, and expenses (including the cost of investigation, notification, mitigation, Civil Monetary Penalties, judgments, settlements, court costs, and attorney's fees) relating to or resulting from (i) Business Associate's default or breach of this Attachment F; and (ii) any Use, Disclosure or Breach of Unsecured Protected Health Information by Business Associate or any subcontractor, agent, person or other entity to whom Business Associate disclosed PHI.

F.11. Property Rights. As between Covered Entity and Business Associate, PHI shall be and remain the property of Covered Entity regardless of Business Associate's Use, creation, possession and/or control of such PHI. Business Associate agrees that it acquires no title or rights to PHI, or to Limited Data Sets or De-Identified Information constructed from PHI, as a result of this Attachment F or the Purchase Order.

F.12. No Third Party Beneficiaries or Agency. Nothing express or implied in this Attachment F shall confer upon any person, other than Business Associate and Covered Entity and their respective successors or permitted assigns, any rights, remedies, obligations or liabilities whatsoever. It is the intent and agreement of the Parties that in performing under the Purchase Order and this Attachment F, Business Associate is an independent contractor of Covered Entity, and not an agent of Covered Entity.

F.13. Good Faith. The Parties agree to exercise good faith in the performance of this Attachment F.

F.14. Waiver. Neither the failure nor any delay by Covered Entity to exercise a right, remedy or privilege under this Attachment F shall operate as a waiver thereof, nor shall any single or partial exercise by Covered Entity of a right, remedy or privilege preclude any further exercise of the same.

F.15. Notice. Any notice to be given to Covered Entity pursuant to this Attachment F shall be given in writing to Covered Entity's representative signing below, with a copy to Medical Faculty Associates Privacy Officer, 2120 L Street, N.W., Suite 610, Washington, D.C. 20037. Any notice to be given to Business Associate pursuant to this Agreement shall be given in writing to Business Associate's representative signing below at the address provided below (or, if no address is provided below, to any address Covered Entity reasonably believes will reach Business Associate). Any party desiring to change its listed address must give written notice in the foregoing manner to the other party.
